

# Interactive Home Games

## Day 1: Charades

- Pick a category and act it out w/ your family.
- Each team gets 60 seconds to act out the scene.
- NO speaking can be used when acting out the scene.

## Day 2: Simon Says

- Just as we've played it in after school, when the speaker makes a command using "Simon says", you do as they say. If you move without them saying Simon says, you're out.

## Day 3: Spare change challenge.

- You and your sibling can both team up to see who can find the most spare change around the house, with your parents' permission of course! The person with the most amount of change wins the challenge.

## Day 4: Hang Man

- The person has to guess a phrase or a word and the opponent has to guess. Each time the person gets a wrong word, a body part is drawn onto the hangman.

## Day 5: I spy

- Take a walk around the house & see what you can find. Have the person you're playing with try to figure out what you have seen. You can give the person hints if you would like. Once the person has figured out the mystery item, allow them to have a turn.
