## Blood Pressure Self-Monitoring at the YMCA

Did you know that high blood pressure often has no symptoms but can increase your risk for heart disease and stroke? The YMCA's Blood Pressure Self-Monitoring Program is designed to help you take control of your health with the support you need. Over the course of the program, you'll learn how to monitor your numbers, understand what affects your blood pressure, and make small lifestyle changes that can lead to lasting results. Reach out to [myhealth@fcymca.org](mailto:myhealth@fcymca.org) for more info!
